General Affiliate Questions:

What is Adult FriendFinder?

Adult FriendFinder is a personals network of 16 different sites that caters to all kinds of people, interests, and desires -- with over 8 million active members worldwide (and growing every day!). Adult FriendFinder has been a leader in online personals since 1996, making us one of the oldest and most established of its kind on the Internet.

What is Adult FriendFinder's affiliate program?

Adult FriendFinder's affiliate program is an easy-to-join system that enables Webmasters to earn monthly paychecks by promoting one or more of the sites within our diverse network.

How much will I earn?

Our affiliate program is the HIGHEST PAYING ANYWHERE, with many affiliates making 75 cents per click or up to 100% of every premium membership. Our monthly payout is over \$500,000, with some of our best affiliates making over \$30,000 per month. So the amount you earn is up to you, the more traffic you send, the more money you will make.

Does it cost anything to become an affiliate?

No. It costs absolutely nothing to become an affiliate. In fact you can start earning money almost immediately, because it takes just a few minutes to sign up, and only a bit longer to put our banner or descriptive text link onto your web page.

Does my site qualify for your Partner programs?

As long as you have a site that does not contain or promote illegal activity or materials, you are welcome to become one of our Affiliate Partners. We have no minimum traffic level for you to worry about.

What is the difference between the Click-through, Per Member, Per Order, and Percentage Affiliate programs?

We have different rates and programs for each of our sites. The details are listed on each site.

1. The Click-through Program pays you a variable number of cents per unique click-through depending upon which site you're promoting and the quality of traffic you send from your site to ours.
2. The Per Order Program pays you a fixed amount for any order placed on our site, regardless of order type or length of the membership.
3. The Per Member Program pays you a fixed amount for each person who signs up for a free membership.
4. The Percentage Program pays you a percentage of initial premium membership fees plus

Frequently Asked Questions

a bonus for each free signup.

What does it mean to co-brand a site?

Adult FriendFinder provides its affiliates the opportunity to "co-brand" their site. This means that when one of your viewers clicks one of our banners, they'll end up on a Adult FriendFinder site, but they'll see your prominently placed logo and site name. This bolsters your credibility as a legitimate service, not just another fly-by-night Internet business.

Can I earn money by referring other websites to sign up under my account?

The broker program allows you to refer other webmasters to our affiliate programs. When a webmaster uses your link to signup to advertise Adult FriendFinder, we will pay you a percentage of that webmaster's earnings. Please [contact us](#) to find out more.

Do you accept non-English traffic?

Yes. Sites that are not written in English are accepted, as long as they abide by our Affiliate Terms of Use.

I wish to join the affiliate program but my country is not listed in the drop down menu.

What do I do?

Due to past negative experiences with affiliates from certain countries, affiliates from those countries not listed on the affiliate sign up page will not be able to join our affiliate program.

My Affiliate Account:

How do I check on the number of clicks and/or sign-ups I have sent?

All stats are updated daily and can be checked online. Your stats page will reflect the progress of your account as well as give you information regarding payment status. We have also added graphs on the stats page to help you view your performance trends and earnings in a snap!

Yes, we encourage affiliates to promote the same provided link on as many pages and/or sites as you would like. The more banners you put up the more money you make!

Can I use the same affiliate ID number for different Adult FriendFinder sites, or do I need to sign up as an affiliate for each of your sites?

Tax Information:

What are the tax requirements?

If you are approved to participate in [site] affiliate, we are required to collect certain information from you for tax purposes. For U.S. payees, this includes U.S. tax I.D. numbers or Social Security numbers. International affiliates need to submit Internal Revenue Service form W-8 and/or Form 8233, or certify that they do not have a US presence. Your tax information can be submitted from the site after you log in.

What information will I need to submit taxes as a foreign individual?

If you're planning to [submit taxes as a foreign individual](#), you'll need to be prepared with the following information:

- U.S. Taxpayer Identification Number (TIN)
- Description of personal services you are providing
- Sufficient facts to justify the exemption from withholding claimed

If you do not have any of the above items, we recommend that you review the description of having U.S. Activities to confirm that you do indeed fall into that category and are submitting the correct IRS form.

However, if after reviewing the description of U.S. activities, you still feel that the foreign individual category is appropriate for your situation or are still unsure, please review the instructions for this form located at <http://www.irs.gov/pub/irs-pdf/f8233.pdf>. If you do not have a U.S. TIN, you can find information for obtaining one at the [Internal Revenue Service \(IRS\)](#) website.

Which tax form should I fill out?

Adult FriendFinder is legally required to collect tax-related information from all affiliates including those located outside of the US. The tax information you're required to submit may either be in the form of an U.S. tax form or a statement of No U.S. Activities, whichever is applicable to your situation. Unfortunately, we're unable to indicate which form is applicable for you.

How do I submit my tax information to Adult FriendFinder?

- if you do not fill in Section 10 on Form W-8BEN with a treaty number and 0%, and do not provide a United States TIN in Part 1 Box 6

- setting up a web server, hosting service, or website
- developing content for your website
- marketing to create a user base for your site
- telephone support for your site
- buying products for your site

We suggest that you obtain your TIN as soon as possible. Please note that the process of obtaining a TIN may take several weeks. You can visit the Internal Revenue Service (IRS) website for more information on obtaining a U.S. TIN: [IRS information](#) page.

How do I resubmit or update my tax information?

You can update your tax information at any time from your affiliate account.

Will you send me a Form 1099 or 1042?

Affiliates are responsible for paying their own taxes resulting from participation in Adult FriendFinder. In order to facilitate this, we send IRS forms 1099 and 1042-S to qualifying affiliates as required by US tax law. Forms will be sent before the end of January 2009.

We will send a Form 1099 to you and the IRS if:

- You submitted a Form W-9, are not a corporation, and were paid at least US \$600 in 2008 OR
- You indicated that you are subject to backup withholding and had taxes withheld

We will send a Form 1042-S to you and the IRS if:

- You submitted one of the Form W-8s OR Form 8233

We will not send you any forms or report your earnings to the IRS if:

- You have signed the declaration of No US Activities OR
- You have NO earnings from the affiliate program OR
- You have submitted a Form W-9 as a corporation and did not have any taxes withheld OR
- You have submitted a Form W-9, made less than \$600 and did not have any taxes withheld

For those affiliates whose earnings are reported, please note that payments dated in 2008 will be reported in 2008. This means that unpaid earnings from 2008 that are rolled over to 2009 will not be included. For example, December earnings which are paid in January will not be included as earnings for 2008.

If you are a nonresident alien individual who earns revenue through our affiliate program, this revenue is characterized as payments for personal services. However, before you resubmit a Form W-8 or a Form 8233 we recommend that you review the description of US Activities below to confirm that you do have US Activities and are submitting the correct IRS form. If you do not have US Activities, you will not need to submit any tax forms.

Checks and Payments:

How much money do I have to earn before I am eligible to receive a check?

All affiliates must meet a \$50 threshold requirement minimum worth of accrued commissions in order to receive a check. If you do not meet the threshold, your accrued commissions for that month will simply roll over to your next month's earnings. If you have not earned or accrued referral fees in at least the amount of the Commission Payment Floor of \$50 dollars in the one year prior to any given calendar month, then we reserve the right, to charge you

Frequently Asked Questions

on the first day of such calendar month or thereafter an account maintenance fee in an amount up to \$50 per year. The account maintenance fee charged will be deducted from your unpaid accrued referral fees, and will be equal to the lesser of \$50 or the amount of unpaid accrued referral fees in your account.

How and When will I get paid?

Checks will be cut and mailed directly to you twice a month. Please refer to the "Webmaster Notes" section on your stats page for updates on your check processing status.

Thank You!

My account was converted to a percentage payout. Why?

It is stated on our affiliate agreement that if your traffic produces less than 1 free signup in 20 visitors, or 1 paying membership in 25 free signups, your account may be converted retroactively to a "percentage payout" account. Affiliates not meeting these ratios will be converted at the end of each month. By taking these measures we ensure it will be a win-win for both parties involved.

I had money in my account before I was converted, and now it is gone. Do I still get it?
Once your account is converted, your traffic is recalculated under the new payout. The previous amount in your balance is adjusted to reflect what is earned under the new payout.

I have not received one of my checks posted on my stats page. What should I do?

If you have not received a check, please first verify that the address you entered during enrollment is correct and then email our [Affiliate Team](#). Please be sure to include your affiliate ID number, the site you are affiliated with, the month and the amount of the check in question, and we will get back to you as soon as possible.

What do I do if I receive a check with the incorrect information on it?

First, you will need to send the check back to:

Medley.com Incorporated
Attn: Affiliate Marketing Department
220 Humboldt Ct,
Sunnyvale, CA 94089

Secondly, send an email to our [Affiliate Team](#) to request a new check. Please be sure to edit your contact information so we can reissue a check with the correct information. You can expect to receive a new check within a few weeks.

If I have more than one affiliate account, can you combine my checks into one?

Yes, you will receive a consolidated check for each of your payable affiliate accounts.

Can I have my checks deposited directly into my account?

No, we are not able to offer any special delivery or direct deposits for monthly payments at this time.

Before you receive credit for users that join as free members, their memberships must first be approved. This basic screening process takes about 1 to 2 business days.

It appears that not all of my orders are showing on my stats page. What happened?

All orders must be approved before they will show up on your stats and you are given credit. Expect some of these orders to not be approved due to any of the following reasons:

4. The credit card was reported as lost or stolen.
5. The order was a duplicate.

What is the difference between "# Orders" and "# Members" columns, on my stats page?

The "# Orders" column tracks how many people have come from your site and signed up as a paying member. The "# Members" column tracks the people who have signed up as free members.

How does Adult FriendFinder track visitors from my site?

When you sign-up as an affiliate you'll be given a unique affiliate ID, which is the same as the number at the end of your tracking URL that you use to link to our site. We use this ID to tell us where a referral has come from in order to credit that account ID accordingly. If you forget to include your ID in a referral URL, there is no way to be accurately credit your account, and you will not be paid for that portion of your traffic.

Spam:

What forms of promotion can I use?

Frequently Asked Questions

The majority of our affiliates promote Adult FriendFinder by placing our banners on their sites, but you may also join chat rooms, online clubs, etc. We strongly encourage you to remember chat room rules- it is better to simply talk about the benefits of meeting people on our site instead of just posting a URL. Please review our spam policy within our [Affiliate Agreement](#).

I just logged into my account and it was banned. Why?

Adult FriendFinder does not condone cheating or spamming of any nature. Any accounts suspected of cheating or reported for spamming are immediately banned and all payment voided. Extreme steps must be taken to protect our company and legitimate affiliates. Typical affiliate causes include:

1. People emailing us that your affiliate ID was used in spamming activities.
2. Creation of fake accounts.
3. High chargeback rates (7% or greater).
4. Other inappropriate actions.

What is considered spam?

Spam is considered to be any attempt to deliver unsolicited bulk mail over the Internet. Almost all spam is commercial advertising. Potential target lists are created by scanning Usenet postings, stealing Internet mailing lists, or searching the Web for addresses. Such information is gathered with automated searches to retrieve email addresses for spamming.

Do you allow blind links?

Yes, you may send traffic any way you like, blind text links, thumbnail links, or you can use our proven banner, and text links.
